

BUSINESS DEVICES THAT ARE A CLASS APART

The mid-range ThinkPad L Series offers enterprise docking, enhanced security features and optional remote management capabilities.

ThinkPad L15 Gen 3 (AMD)

Smarter
technology
for all

Lenovo

Although mid-range, this business laptop comes with built-in biometric security and other modern features that help users stay productive from anywhere. It is powered by the new AMD Ryzen processors with up to 16 cores for fluid performance when multitasking. The expansive 15.6" anti-glare display, with an ultra-narrow border is great for creating or viewing content. Comprehensive security solutions provide layers of defenses against even sophisticated security threats.

REASONS TO BUY

Mobile users will appreciate the 10.6-hour battery that can optionally be charged to 80% capacity in just one hour. There are 2x USB-C ports for quick transfer of videos, design files and large data sets, and to connect essential peripherals like an external monitor.

When working remotely, a weak WiFi signal can throttle productivity. The optional 4G WWAN module in the device uses a cellular network to provide reliable data connectivity from anywhere.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

ThinkPad L15 Gen 3 (AMD)

KEY SPECIFICATIONS

Processor	AMD Ryzen™ 3 / 5 / 7 Processor
Operating System	Powered by Windows 11 Pro
Display	15.6" screen, Full HD (1920x1080), IPS, 800:1 contrast ratio, 45% gamut, 250 nits 15.6" screen, Full HD (1920x1080), IPS, 800:1 contrast ratio, 45% gamut, 300 nits
Graphics	AMD Radeon graphics
Memory	Up to 64GB DDR4-3200
