

C20i

Tablet, Laptop & Chromebook Charge Cart

The AVer C20i is specially designed for small to medium-sized classrooms, featuring a compact design and AVer's famous intelligent charging technology. Its 20-bay capacity perfectly meets the needs of low-key teaching styles in small classes while accommodating large device sizes. These and other AVer charging cart features make the C20i the best choice for teachers who wish to find a time-saving and user-friendly way to manage their classes' devices.

“ AVer has great products for education... the AVer cart features, availability and price-point met our needs... the external frame is well built and great for transporting the carts across campus. ”

San Marino Unified School District, Carver Elementary School - Jason Powert, Computer Lab Coordinator

20 Bays

Perfect 20 Bays

The C20i's 20-bay capacity is perfect for small to medium-sized classes, especially in K to 12 schools. With the C20i students' devices will be ready for use at a moment's notice.

Compact & Solid Design

The C20i's compact design reduces its footprint and frees up space in the classroom. It also boasts a sturdy steel exterior that will deter even the most determined thieves.

Non-Stop, Full Time Charging

AVer's advanced intelligent charging technology features 2-zone circuit protection, ensuring all devices are charged evenly and safely.

Divide Shelves However You Want

Smart dividers allow you to manage devices more easily than ever before. Freely adjust them according to your class's unique tablet and laptop sizes.

No More Cable Mess

No need to worry about tangles of cables in the back of the cart. Simply clasp cables one by one for simple cable management.
